INSCRIPTION FOR A GARDEN GATE
Pause friend ,and read before you enter here.
This old stone wall encloses hallowed ground.
Here in a mellowed garden dream away the
years steeped in serene, sweet light,and
muted sound.Here in tranquility peace abide.
For God walks here at cool of evening tide.
Pause, friend , and strip from out your heart
all vanity , all bitterness, all hate.
Quench for this hour , the fewer of your fears.
Then treading softly pass with-in this gate ,
there, where the ancient trees wait, hushed
and dim, May you find God and walk awhile
with Him.
( These gardens are entrusted
to the courtesy of the visitors )
