## FACULTY DEFEATED

### ANNUALS EN ROUTE

At long last we are able to give you at least a "hopeful" word in regard to the Annual of 1949. A letter from Claud Cross Printing Company, reports that the Annual is finished and that all copies have been shipped to Bayonne where they will await shipment to Aruba.

Through the courtesy of Claud Cross one copy, specially bound, was air-mailed and presented to His Royal Highness Prince Bernhard.

Now, you ever hopeful students of Lago High may start digging out the little blue papers you have treasured so long.

It won't be long, we hope!

## EDITORIAL

Why don't we get the Weekly every week? When we do get it, why doesn't it have a lot of good interesting news and a snappy "Dirt Column"?

For Pete's Sake! How is it possible to have a good paper when few are interested in doing things, and when something does happen, most of the reporters seem to have other things to do. But--we want you to know that it is not only the Staff that isn't on the ball; we've come to the conclusion that the whole student body is sleeping at the switch.

"There's nothing to do," and "No place to go," are popular complaints. Is this true? Entertainment certainly isn't going out to look for us--fun is where and how we make it. Bridge classes were offered a few months ago so a new form of recreation could be established among the students. After a few weeks of lessons had passed, the interest passed too. And take the Weekly, for instance--the Staff showed marked interest and went at the first few issues with great enthusiasm, but now it is like hauling a house through a window to get a good story in, and at that, it is usually two or three days late.

Time and time again we preach "school spirit", and we're tired of it. If you want an interesting, snappy paper, create news so we can print it.

## VALENTINE DANCE IS PLANNED

The next big school social event is the Valentine's Dance sponsored by the Freshman class, February 11, in the school auditorium.

The dance is to be semi-formal and will be held from 7:30 to 11:00 o'clock. Grades 9-12 are invited. There will be refreshments, entertainment, and a variety of dances. The choosing of a King and Queen of Hearts will climax the evening.

## DANCING CLASSES

Regular dancing classes are being held in the school auditorium every Tuesday evening at 7:30 P.M. for the students in grades seven through twelve, with emphasis on the Junior High students.

Mr. Downey has been instructing the Grand March, Conga, Polka, Schottisse and Waltz during the past few weeks, and enthusiasm among the aspiring Fred Astaire's and Ginger Roger's still runs high.

Everyone seems light on everyone else's feet as there have been no broken toes or cracked shins. We have been a little surprised, though, to note that there have been almost twice as many boys as girls coming out for dancing. Come on, young ladies, we want you there too!

## BASKETBALL

Wednesday night Lago High School visited the Falcons at the Lago Heights Club. The entertainment consisted of two exciting basketball games; Lago Varsity vs. Falcons Varsity, Lago Jr. Varsity vs. Falcons Jr. Varsity.

In the first game Lago's J.V. won in the last minute of play. Bill Mello in a desperate attempt to win sank a long shot giving Lago a one point lead. The score was 9-10.

In the Varsity game the "Blue Boys" swamped the Falcons 27-12. The team was in there fighting. Bill Hellwig totaled a good percentage of the baskets and in the first quarter he couldn't seem to miss.

## LAGOCIETY

A group of Freshmen congregated at Jim Rosborough's house for a get-together on Friday, January 27. It started after the movies and ended at 11:15. The group cooked hamburgers and some of the energetic boys rolled up the rugs, to dance, but since they used up all their

## CHATTER BOX

Lago has put a new twist in complicated love affairs. Instead of the old stand-by, the triangle, we now have a four-sided polygon (which could be called a number of things other than a four-sided polygon: a rectangle, a square, rhombus, etc. you can see the possibilities!). Now that Lago has discovered this new twist, novelists will, no doubt, cast aside the old-hat, shabby, triangle and replace it with the new four-sided figure. But to get down to cases--Lago's quadrilateral consists of one girl and three boys, Penny Richey being the girl, and Bill Hellwig, Joe Carroll, and Ronald Turner being the male members. It will be interesting to see how this comes out, but of course it is all up to Penny.

Now for a few low comments on some of the less spectacular romances:

It is too bad that Milly Anderson is so busy following Don MacEachern around, and has no time for Tinker Baggaley. On the other hand, Baggaley seems to be getting along just dandy with Kenia Schwartz right now, anyway.

And glancing at the fickle Junior High set--

Judy B. has confidence in winning Bobby B., so look out, Nancy MacE.

Valerie C. newest crush is Stanley Norcom.

Russell B's yen for Kay Norris is growing every day.

Jack W., you shouldn't be so rough with the girls; you won't get anywhere that way.

energy trying to move the rugs, they did not dance after all.

On Saturday nite, Jan. 28, a number of girls & boys enjoyed a beach party given by Frank Shad at the Yacht Club. Although it was too cold for swimming, a few brave individuals went in to rinse off from the sand battles.

Bob Drew's Boat was the main transportation line of the evening, (besides an imaginary jet plane), and attacked the beachhead with sand bombs again and again.

Everyone had a good time and especially appreciated the Shads' good food.
